Dear Lui and Marcel

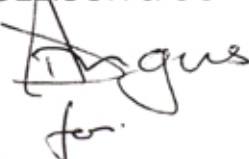

P.C.T. Patent Application No: PCT/AU2006/001918
A SEATBELT RESTRAINT
LUIGI LUKE PISANIELLO & MARCEL PAUL STEPHAN

Further to our lodgement of our request for IPE and a response to the Examiner's Written Opinion on 18 October 2007 we are pleased to report that we have now received a further report outlining the Examiner's view that all of the claims to the invention are novel and inventive.

This then represents less possible condition that this application can be in, in readiness for entering the National Phase of the application process in June of next year.

We leave you now to review this report, and if you have any questions or concerns, please do not hesitate to contact us.

Yours faithfully
COLLISON & CO
